FRONTEND DEVELOPER
Expertise in React – UI Design - Strong HTML & CSS skills

PROFESSIONAL PROFILE: Proactive Frontend Developer with 6+ years of versatile experience in the field, recognized for transforming development processes, enhancing user experiences, and collaborating effectively with cross-functional teams. Skilled in creating visually captivating and pixel-perfect interfaces, streamlining workflows through reusable components, and implementing cutting-edge technologies. Proficient in React, TypeScript, Vue, and CSS frameworks, delivering high-quality outcomes that align with business goals and exceed user expectations.

HIGHLIGHTS OF ACHIEVEMENTS:

→ **Created and optimized Webpack builds from scratch**, revolutionizing the development process, amplifying productivity, and managing project dependencies.

→ **Engineered user-centric UI design** for one-page websites and questionnaires, resulting in improved interactivity, usability, and higher conversions.

→ **Enhanced design consistency** and elevated project architecture by collaborating with the team to optimize development, minimize code duplication, and expedite feature deployment through reusable and scalable React components.

HTML | (S)CSS | JavaScript (JS) | CSS3 | Git | Node.js| | UI | Frontend |React | ReactJs| TypeScript |BEM| Styled-Components| Figma| Pug | Sass| SCSS| webpack| npm

EXPERIENCE

FRONTEND DEVELOPER / UI DESIGNER | PropellerAds   July 2021 - Dec 2024

Designed and developed single-page layouts. Developed web applications using React. Spearheaded the creation of dynamic web applications, using React to craft immersive digital solutions with a focus on performance and user engagement.

- **Elevated code quality, simplified maintenance, and enabled safer development** by spearheading the implementation of TypeScript in internal projects. Improved teamwork and minimized early-stage bugs.
- **Improved functionality and interactivity of web applications** through the development of React components, resulting in heightened user experience, positive feedback, and significant contribution to business goals across multiple projects.

FRONTEND DEVELOPER | Alertgroup (Saint Petersburg, Russia)   Aug 2020 – Dec 2020

Developed Vue components to enhance the functionality and interactivity of web applications. Collaborated with the team to implement reusable and scalable Vue components, contributing to a streamlined development process and improved user experiences.

- **Accelerated development and completion of Vue component library,** enabling the creation of a simple single-page application builder. Actively contributed to enhancing code reusability and productivity.
- **Transformed complex design concepts into pixel-perfect and visually captivating interfaces** by actively collaborating with the design team translating mock-ups into code and adhering to design principles for seamless design-user experience alignment.
- **Developed and shared a custom framework** resulting in a simplified code writing process for website designs, and optimized development efficiency.

FRONTEND DEVELOPER | Viboom (Saint Petersburg, Russia)   Feb 2020 – Aug 2020

Collaborated in the development of Vue-based dashboards and landing pages, ensuring the delivery of visually captivating and highly functional user interfaces.

- Project Showcase: Link

PRIOR PROFESSIONAL EXPERIENCE

HTML CODER / DEVELOPER | Zum Punkt (Saint Petersburg, Russia)   **May 2019 – Nov 2019**

Resolved "bugs" and implemented new functionality and marketing department requests, dedicating 50% of the time to troubleshooting and enhancing third-party projects, and 50% of the time to project development, delivering high-quality outcomes. Skillfully balanced both aspects ensuring project success.

- Selected Portfolio: Link 1, Link 2, Link 3

HTML CODER / DEVELOPER | Cakelabs (Saint Petersburg, Russia)   **May 2018 – Mar 2019**

Designed site layouts, ensuring visually appealing and user-friendly interfaces. Executed various site edits, enhancing functionality, and optimizing user experience.

- Acquired expertise in and applied technologies such as: Gulp, Pug, SCSS, ES6, jQuery, BEM, and Git.

WEBMASTER | Amber (Saint Petersburg, Russia)   **Sep 2017 – Apr 2018**

Managed website content updates and maintenance, executed site edits and enhancements, and collaborated with SEO specialists to optimize website performance.

EDUCATION

Attended Bachelor's Degree Program in Thermal Engineering
(FESTU) Kuibyshev State University, Russia
